Angels... Your angels...
Love you... Love you...
Surround you... Touch you...
Your skin... Your skin...
Angels... Your angels...
Still love you...
Razors... Blind razors...
Love you... Touch you...
Your eyes... Your skin...
Bleeding... Bleeding wild...
See nothing... Feel nothing...
This is what they call Heaven...
This is what they call Paradise...
But still love you...
Who are they..? Lock the doors...

Your doors... Leave you outside...
To make you neutral... Leave you outside...
Tell you lies... Lies...
Lies...
Where is Heaven..? Where is Paradise...
Angels... Your angels... Still love you...
Leave you outside...
No heaven... No paradise...
When angels lie... when angels lie... when angels lie...
lie...
Still love you
No. Heaven. When. Angels. Lie.
Lie...
