Confusion is the word that i use in my mind  
Confusion is the word i always find  
For it's use in my life left me a void  
I thought all of me was destroyed  
I thought i was so close to you  
Without you i wouldn't know what to do  
Go ahead, it takes some time  
But why'd ya haft to go and leave me behind

It's kinda hard now that you're gone  
Why'd ya have to go away, and move on  
Why'd you have to go and change your mind  
Why'd ya have to go and leave me behind

Now i'm sittin' at home, just passin' the time  
Pictures of you seem to flood my mind  
Think of all the chances that i possibly had  
All the situations that always went bad  
I ask my friends about what to do  
They said "Hey" i haven't a clue  
But move ahead. move forward in time  
Why'd you haft to go and leave me behind

It's kinda hard now that you're gone  
Why'd ya have to go away, and move on  
Why'd you have to go and change your mind  
Why'd ya have to go and leave me behind

It's kinda hard now that you're gone  
Why'd ya have to go away, and move on  
Why'd you have to go and change your mind  
Why'd ya have to go and leave me behind

Why'd you have to go  
Why'd you have to go  
Why'd you have to go  
Why'd you have to go away and leave me behind
