[Verse One: Kalage]

My shorty done cut me loose, and left me in the wind  
Got a new man wit a Ph.D. and cheese, but he pees in the pants  
He's 60, she's in her 20's, she said I be hard in her,  
overworking her  
And when I hit from back it feels like I'm birthing her  
She said I'm wrong for her, too long for her  
But she never complained when I bought my ex home  
for her  
But now she dropped me, like the pen at the end of a  
Sprint commercial  
I try to hit it she be like no, like Laura Winslow to Urkel  
And What if I did misuse and abuse your clique, I'll  
apologize  
'Cause I aint know ruler sticks would bruise the clique  
I saw it on tape tried to do the shit  
Now, she say she want somebody simple  
She say she want somebody gentle  
She said, when I got head, I dug in her cheek now she  
got a dimple  
I, I, I mean she cute with it though, I, I couldn't help it  
The way she swallowed my pelvis  
Had me seeing shit, had a nigga reaching for Elvis  
And I come on her head, that some I'm a miss  
That girl gave my dick more hickeys than a damn  
redneck locksmith

[Chorus: repeat 2X]

My shorty done cut me loose  
She fucking other niggas and she fucking me too  
She say she don't want no more  
If she feeling like I'm feeling then she won't go  
My shorty done cut me loose  
She fucking other niggas and she fucking me too  
She say she don't want no more  
She say she don't want no more

[Verse Two: Boondox Blak]

I woke up this morning stretching, yawning with a hard  
on ??? ready to bone

Then I reached on my right and realized my woman's  
gone  
I got to bring her to bed to hit her some more, but I  
found this envelope  
Sitting on the pillow, I opened it, unfolded it, it said  
Dear Smoke  
Hey, it's me Little Debbie Cake, and I feel it's best we  
separate  
At least until I'm in better shape  
cause I'm doing my best to shut up and take  
The way you ramming inches in me  
Slam me in different positions  
Grasp and grip my hips and titties  
Put one leg up drag and flip me  
Fucking me up, down, back, to front  
(How you squeezing and smacking my butt)  
From right to left, left to right  
(and peeing across my breast and thighs)  
Fucking me early Monday, again on Tuesday  
humpday Wednesday, then come Thursday  
Twice on Friday and Saturday, and after church on  
Sunday  
Hurting my stomach, beating the cock  
But trip when I ask you to eat me twice, so we need to  
stop  
Cause lately I been bleeding a lot, so I'm leaving you  
dox  
To find someone that's fair and square  
And not so hairy there, who fucks me there with care  
Cause you put too much wear and tear on my derriere

[Chorus] - repeat 2X
