Glamour stars sail with the worst collapsing habits.
Lets let the cameras roll and get lovesick and drown in
the glory...

Are you listening?...

Can you hear me?...

Do you see the way she's dressed tonight?...

Turn it up like a virgin...
Tonight we are going to pray for light...
Lashes, motions move the teacher.
I'm the best thing that you've ever had.
Glamour stars sail with the worst collapsing habits.
Lets let the cameras roll and get lovesick and
drown in the glory. Lashes, motions move the teacher.
