since you got the best of me(best of me)
you might as well just go ahead and take the rest of me
this piece of my heart
you apparently forgot to tear apart

tears falling like stars out of your eyes
making falling down your face from all the lies
and you realize theres no turning back this time
Im replaying memories of when I used to call you mine
call you mine

and its lonely nights taht remind me of the way we
used to be
late nights, when youd tell me how you feel
how this time you mean it and your words are real

so thank you for your honesty
but honestly words mean nothing to me

tonight is just a sleepless night
i'll spend regretting these memories of you and me

cuz tonight is your last chance to say goodbye
cuz tonight is your last chance to say goodbye
cuz tonight is your last chance to say goodbye
cuz tonight is your last chance to say goodbye

lonely nights of this remind me of the way we used to
be

(you missed out on everything that could be,
cuz you missed out on everything with me)
late nights when you'd tell me how youd feel
(cuz you missed out on everything that could be)
how this time you mean it and your words are real
(cuz you missed out, you missed out on me)
so thank you for your honesty
(you missed out, cuz you missed out on me)
but honestly words mean nothing to me
(cuz you missed out, cuz you missed out on me)
tonight is just a sleepless night
(cuz you missed out, cuz you missed out on me)
I'll spend regretting these, memories of you and me

(you missed out on me)

cuz you missed out on everything that could be
cuz you missed out on everything with me
cuz you missed out on on everything that could be
cuz you missed out, cuz you missed out on me
