I don't know you, and I don't want to (and I don't want to)

It seems that every time we meet, it's the first time we met (it's the first time we met)

I try to smile and shake your hand but something new I can't stand (I can't stand)

A certain stench, another itch my kindness I'll always pretend,

Your not real to me, your just a figment, of my imagination

See me fall when I'm headed to the door

Get away because I don't wanna know you

I don't feel like you wanna be around

Get away because I don't want to know you

See me fall when I'm headed to the door

Get away because I don't want to know you

I don't feel like you wanna be around

Get away because I don't want to know you

I don't wanna know you

I don't care what you say (I don't care what you say)

It seems that every time we speak I have to explain (I have to explain)

I try to smile and shake your hand but something new I can't stand (I can't stand)

A certain stench, another itch my kindness I'll always pretend,

Your not real to me, your just a figment, of my imagination

See me fall when I'm headed to the door

Get away because I don't wanna know you

I don't feel like you wanna be around

Get away because I don't want to know you

See me fall when I'm headed to the door

Get away because I don't want to know you

I don't feel like you wanna be around

Get away because I don't want to know you

Get out

Get out

Get out (see,see,see)

See me fall when I'm headed to the door
Get away because I don't wanna know you
I don't feel like you wanna be around
Get away because I don't want to know you
See me fall when I'm headed to the door
Get away because I don't want to know you
I don't feel like you wanna be around
Get away because I don't want to know you

See me fall when I'm headed to the door
Get away because I don't wanna know you
I don't feel like you wanna be around
Get away because I don't want to know you
See me fall when I'm headed to the door
Get away because I don't want to know you
I don't feel like you wanna be around
Get away because I don't want to know you
