"The Last Hardest Thing"

I've got something to say
And I hope you take the time to listen
My words get in the way
You can blame it on me if it eases your pain

Cuz I'm tired of holding on
I can't do this alone you know

The first hardest thing
Is for me to walk away
But I'll keep moving on
To get where I need to be, so don't look back at me.

There's nothing left to say
I can't be the man that you want me to be
Our hearts want different things
Now the hard goodbye just got easier for me

Cuz I'm tired of holding on
This time I'll do it alone you'll see

The first hardest thing
Is for me to walk away
But I'll keep moving on
To get where I need to be, so don't look back at me.

All the lies that you told
And the secrets you hold
Sleepless nights all alone
All rolled into one
I said I would'nt leave
You should of believed
I can not get over what you did to me

The first hardest thing
Is for me to walk away
But I'll keep moving on
To get where I need to be, so don't look back at me.
The Last Hardest Thing
Now that we both parted ways
Is to ask for forgiveness
And not to look back at me

And that's the Last Hardest thing.

Yeah that's the last hardest thing.
