Coffee and cigarettes are my only escape,
I got my cup of Joe and my pack of stoges
And I'm on my way down town
To set up shop and sing my cares away
So won't you sing with me cause it's cold outside
And I'm feeling kind of lonely.

Friday nights are always the same in this town
I'm looking up but I'm feeling kind of down
So I light this cigarette and smoke the night away
And hope that saturday will be the day when everything
feels okay.
Badada badadadaadaa badadadada.

Coffee and cigarettes are best when shared with you,
Won't go to waffle house or your moms house
And share a cup or two.
Yeah I got friends and they have friends
And they have parties and I'm so awkward
So what do you say just as friends we see a movie, this
weekend?

Friday nights are always the same in this town
I'm looking up but I'm feeling kind of down
So I light this cigarette and smoke the night away
And hope that saturday will be the day when everything
feels okay.
Badada badadadaadaa badadadada
