A one, two, three, four
And hey there lovely ladybug
You got another thing comin'
If you think you've loved
Your just another little toy
In his game of lust
That boy is cheatin' on you

And hey this small town Beauty Queen
That sneaky little devil
Ain't comin' clean
And I know you have just met me
But girl, you gotta believe me

That I couldn't believe
That the girl I saw two months ago
Is right in front of me
You took the chance to take my name
And I couldn't see
Just what you thought you saw in me
But obviously it stuck

And hey there little Miss Dimond Ring
Is he all that he's cracked up to be?
I find it so hard to believe
Cause girl you just can't smile
And I know I am such a creep
Callin' 24 hours, 7 days a week
But I got somethin' to say
Got somethin' to say
I got somethin' to say to you

That I couldn't believe
That the girl I had one year ago
Was right in front of me
You took the chance to take my name
And I couldn't see
Just what you thought you saw in me
But obviously it stuck
