I'm just a robot,  
I have no fears.  
I lack emotion,  
And I she'd no tears.

I'm just a coma,  
A deadly sleep.  
My heart is breaking,  
But I just can't weep.

So dear I want you to cry,  
And I want you to cry for me.  
I don't want you to lie to me,  
And say that it will be alright.  
And I want you to say goodbye,  
But girl I want you to mean it.  
And I want you to find a man,  
That's gonna treat you right.

I'm just a virus,  
Inside your head,  
You lay awake in your hospital bed.  
I ain't no doctor,  
But I know your sick,  
Sick of the bullshit and the state I'm in.

So dear I want you to cry,  
And I want you to cry for me.  
I don't want you to lie to me,  
And say that it will be alright.  
And I want you to say goodbye,  
But girl I want you to mean it.  
And I want you to find a man,  
That's gonna treat you right. (gonna treat you righ
