If it's not those cowboy boots in the summer
Oh my God I pray for another
Chance to drive down back highways
'Till I stumble upon your beautiful face
Your presence isn't what kills me
It's that artistic gleam
That's taking over my scenery
Dream by dream

You might think I'm incapable
Of loving a soul like yours
You might think I'm a fool
For you

'Cause girl you got style
And that's what I love about you
The way that you sit back
Oh how you sit back
And watch this grow
You got dreams
And therefore I believe in you
All the small town people with their big remarks
They ain't got jack to say about my movie star
She's got style
Da, da, da, da, da, da
Dadada
Da, da, da
Ooooo ohhh-huhhoo
Oooo
She's got style
Da, da, da, da, da, da
Dadada
Da, da, da
Oooo ohhh huhhooo

If it's not the fact that I'm a wee bit younger
Or the truth that I'm so naïve
See my heart keeps leaping back to you
Like a dog tied to a tree
I know it sounds crazy
It's ridiculous to me
But without you by my side girl

You might think I'm incapable
Of loving a soul like yours
You might think I'm a fool for you

'Cause girl you got style
And that's what I love about you
The way that you sit back
Oh how you sit back
And watch this grow
You got dreams
And therefore I believe in you
All the small town people with their big remarks
They ain't got jack to say about my movie star
Oooooo what are the odds of finding someone just like
yooooou
Oooooo, ooooo
Tell me why?
I never wanted to come back
I never wanted,,
Tears still falling for you toooday.
