I woke up this morning with a grin upon my chin  
Damn, I had one hell of a night  
So I confess my dirty sin

I called a girl, I hardly knew,  
I only knew her by first name  
She had a deep down southern accent but  
Spoke california slang

She wore shorts too short, shirts too tight,  
I lost control, I even lost my mind  
Said she's gonna love me till the sun comes up,  
Said she's gonna love me till I've had enough

Said she's gonna love me till the sun comes up,  
Said she's gonna love me till I've had enough

I woke up this morning with one thing on my mind  
How the hell am I gonna get up outta here,  
How the hell am I gonna get up out alive

I called a girl I barely knew,  
I only knew her by first name  
You probably have been there  
She lives on pennyloafer lane

She wore cowboy boots with her hair down long  
Call me weak but I swear I'm strong  
Said she's gonna love me till the sun comes up,  
Said she's gonna love me till I've had enough

Said she's gonna love me till the sun comes up,  
Said she's gonna love me till I've had enough

I thought my momma taught me so much better  
Than to get with a girl like that

When my friends find out they'll probably laugh,  
Because they've been with a girl like that

I woke up this morning with a grin upon my chin

Damn, I had one hell of a night  
Yeah, I had one hell of a night

She said she's gonna love me till the sun comes up  
She said she's gonna till i had enough

She said she's gonna love me till the sun comes up  
She said she's gonna till i had enough  
I got the home sick blue  
I don't know what to do  
so, I'm gonna go home  
with someone but you
