And who would've thought that a cutie pie just like you,
Would have anything to do with a smelly dude like me.
I find it hard to believe.
And who would've thought that you ever would've
kissed my cheek in your
Backyard on your trampoline that night.
I never put up a fight.

And I know that you're all shook up from a terrible
relationship
He broke your heart
Yeah he tore you into pieces
But I promise you dear I'll never touch you like he did
So baby please take my hand and you'll never be alone
again

And every single time I look into your eyes, see a little
bit more
Sunshine.
Feel a little bit more like me, instead of who I turned out
to be.
Wouldn't trade it for a thing, can I call you my baby?

And I know that you're all shook up from a terrible
relationship
He broke your heart, yeah he tore you into pieces
But I promise you dear I'll never touch you like he did

So baby please take my hand and you'll never be alone
again
Cause I know he broke your heart but I'll love you til the
end

So baby please take my hand and you'll never be alone
again.
So baby please take my hand and you'll never be alone
again.
So baby please take my hand and you'll never be alone
again.
