I'm sitting on the floor trying to figure out
What my life is all about
A never ending struggle with myself

Can't find a solution I need a revolution
I surrender I resign
I'm tired of my role
And round and round it goes

Waking up at 6am
One blink and I might fall again
To the floor and fade away
Someone there please take my hand
I wanna smell the air again
No demands I'm just hopeful

Frustrated, I'm jaded, I can't do anything at all
It seems like everything just repeating itself
It's a new day today they say
But I don't understand what's so different
From the other days it's just the same to me
And round and round it goes

Waking up at 6am
One blink and I might fall again
To the floor and fade away
Someone there please take my hand
I wanna smell the air again
No demands I'm just hopeful

Lack of hope and inspiration everything is black
I'm famous allstar loser I'm faking all my luck
I wait and see what this time will bring to me
Coz I'm a loser, we're all losers

Let's go!

Waking up at 6am
One blink and I might fall again
To the floor and fade away
Someone there please take my hand

I wanna smell the air again
No demands I'm just hopeful

I'm just hopeful
