I would give it all away
I burned my house down just to say
That I would give it all away
For only one more day with you

Don't you know I'm lost without you ?
How could I be without you ?
Nothing can come inbetween
You make my life complete

If I go
Will you follow?
Without you
I am hollow
Every day away from you
Feels like a life time

You make me breathe
You make me feel
You make me high
And I'm allways on you side
I'm always on your side

You make me breathe
You make me feel
You make me high
And I'm allways on you side
I'm always on your side

Every day I think about you
Every night I dream about you
You entilte all that's why
I'm melting in you eyes
Safe to say, I would never
Walk away
Nothing matters, I do every thing for you
Just because I care

You make breathe
You make me feel
You make me high

And I'm allways on you side
I'm allways on your side

You make me breathe
You make me feel
You make me high
And I'm allways on you side
I'm allways on your side

[whisper] on you side

[whisper] on you side

You make breathe
You make me feel
You make me high
And I'm allways on you side
I'm allways on your side

You make me breathe
You make me feel
You make me high
And I'm allways on you side
I'm allways on your side
