Everything is wrong since me and my baby parted
All day long I'm walkin' 'cause I couldn't get my car
started
Laid off from job, I can't afford to check it
I wish somebody'd come along and run into it and
wreck it, come on
Since my baby parted, come on
I can't get started, come on
I can't afford to check it
I wish somebody'd come along and run into it and
wreck it

Everything is wrong since I been without you
Lay awake at night thinkin' about you
Everytime the phone rings it sounds like thunder
Some stupid guy tryin' to reach another number, come
on
Since I been without you, come on
I'll always think about you, come on
Phone sounds like thunder
Some stupid guy tryin' to reach another number

Everything is wrong since I last saw you, baby
I really want to see you and I don't mean maybe
I'm doin' everything tryin' to make you see that I belong
to you honey, you belong to me, come on
I wanna see you baby, come on
I don't mean maybe, come on
I'm tryin' to make you see that I belong to you and you
belong to me

Now everything is wrong since me and my baby parted
All day long I'm walkin' 'cause I couldn't get my car
started
Laid off from job, I can't afford to check it
I wish somebody'd come along and run in to it and
wreck it (Come on, come on)
Since my baby parted, come on (Come on, come on)
I can't get started, come on (Come on, come on)
I can't afford to check it (Come on, come on)
I wanna see you baby, come on (Come on, come on)
And I don't mean maybe, come on (Come on, come on)

I'm tryin' to make you see (Come on, come on) that I
belong to you (Come on, come on) and you belong to
me, now come on (Come on, come on)
Come on baby, come on (Come on, come on)
Come on baby, come on (Come on, come on)
I want my baby, come on (Come on, come on)
I'm wanting my baby, come on (Come on, come on)
Come on my baby, come on (Come on, come on)
Come on, come on (Come on, come on)
Come on, come on (Come on, come on)
Come on, come on (Come on, come on)
Come on, yeah (Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
(Come on, come on)
