This drive and the motion of my life.
We try to coast across this night.
To rise, to live like spirits fly.
I'm waiting for you, hold on again.

And if I dared to show my face,
would you just hollow out my chest,
or leave my heart to beat to death?

The monuments of our forgotten past,
have burned into the ashes of a future we're not ready
for.
Please save me from what tomorrow holds.
Just when I think I'm holding on again.

And if I dared to show my face,
would you just hollow out my chest?
In the morning you won't see me hold again.
Upon this motion,
Oh my God just when I figured out what I cannot,
no cannot live without.
Oh, I cannot, no I cannot hold again.
