One more time and we have got to get this right

For every story we're told there are two sides,

Just saying

Have the common sense to say

We made some horrible mistakes

If you can do no good, at least

Do no harm

We will have to craft some wonderful new lies

Or No one will want to live their lives,

Just saying

Of all things we said

And the truth that spread

And to no surprise

They were all shameless lies

So it goes.

Everything was beautiful and nothing hurt
