Stop and think who will profit  
The motive for those who bought this  
See who advances further in the end

All the lies that they tell us  
Hollow promises that they sell us  
The wool's pulled over our eyes again

Cover you mouth and don't speak to loud  
They will hush you up and shut you down  
With people sick and people poor, scared of change  
We stand I line, stand in line, stand in line,  
Stand in line for more!

So if you're undecided  
The sides have been divided  
My foot won't cross the line drawn in the sand.

At fault of hesitation  
Misled by presentation  
Lack of information fueled their plan

I don't know why everything is the same  
I don't even know if you are to fucking blame  
Why do good times always fall apart  
I don't know, I don't know, I don't know,  
Stand in line for more

It's Power to the People?
