I've Got You and You've Got Me

I wanted it so bad
Making all the props
Sitting on my swing
Giving all I've got
But when they dim the lights
Forgetting my stage fright
I find that little smile
Cause I've got you and you've got me
I've got you and you've got me

I light his cigarette
Acting with regret
Saying all my lines
Pretending things are fine
But when the curtains close
Everybody knows
I climb into the space
Where I've got you and you've got me
I've got you and you've got me

What happens when I say
"This may be the last beautiful day"

I'm dancing in my sleep
With promises I'll keep
Feeling so complete
Cause I've got you and you've got me
I've got you and you've got me

I've got you and you've got me
I've got you and you've got me
I've got you and you've got me
I've got you and you've got me
I've got you and you've got me
I've got you and you've got me
I've got you and you've got me
Everybody knows, everybody knows
I've got you and you've got me
Everybody knows, everybody knows

I've got you and you've got me
Everybody knows
I've got you and you've got me
