Just a little time

(About Last Night EP)

Just a little time
By yourself
I hate to see you sad
I know the drive will do you good
And while you're outside
I hope you clear your mind
Driving down the road to come home to find

Giving all is great
Stars on fire
Catch you while you sleep
Tearing out the pages
Just to keep
Me alive
Warming to your charm
Changes will surround us
It's the carnival of seasons
I decided you should be here with me now

I'm not leaving
You're what keeps me
All inspired
Have I told you
In the room
I played guitar
I wrote about you
All night long and
I'm not leaving
You're what keeps me
All inspired
Have I told you
In the room
I played guitar
I wrote about you
All night long and
I'm not leaving
You're what keeps me

All inspired
Have I told you
