It's not worth stealing
If it's not worth getting caught
Were all automatic
Programmed Apathetic

Words are spoken, Words are broken
Words are golden, Words turn into lies
That compromise

Congratulations on the rescue
Rescue recipe of outside beliefs
I don't know why this is the lonely
The loneliest way is to just get by

C'mon, C'mon they say
If things aren't working out
It's not worth moving
Unless you're moving on

Congratulations as you succeed
As a liability and you get by
I don't know why this is the lonely,
The loneliest way is to just get by
