Visit "[Love You So Much](#)" on MotoLyrics.com

Every night I hope and pray
Your sweet love will come my way
Right here, I felt your touch
I love you so much

Show me that you'll always care
I'll be there, I'll be there
Giving you my warm caress
Love and tenderness

CHORUS

I'll
Always love you
Always love you
I'll
Always want you
Always want you
So put your arms around me
Let me, let me
Never let me
Neverever let me go

Every night I hope and pray
Your sweet love will come my way
Now you're here, I felt your touch
I love you so much

You showed me that you'll always care
I'll be there, I'll be there
Giving you my warm caress
Love and tenderness

(Chorus)

Won't you please remember this
Once we kiss it's all I need
To bring to mind all things are fun
All the things we've done
All...
