You're the crack inside my silence  
Shadow that blinds my eyes  
And your heaven is in my hell...

You're pulling me down all night  
Ripping my strait so fine  
Hate has won all of your love

You're the crack inside my silence  
Shadow that blinds my eyes  
And your heaven is in my hell...

You're pulling me down all night  
Ripping my strait so fine  
Hate has won all of your love

You are tear in my eyes  
And once again I am born in despair  
And left alone so...

I need your sweetness in here  
Will you show me how you do  
All of your heart invasions  
Between me and all of you

But blackened hearts wont seal together  
- I will turn and you will go  
But blackened hearts wont ruin together  
- and we will never be complete...

... and all of me will fall into decay for our love...

You are tear in my eyes  
And once again I'm fall in despair  
And left alone so...  
Because nothing will heal  
And nothing will ease me  
I will do it again  
Come crawling back to you...

I need your sweetness in here  
Will you show me how you do

All of your heart invasions  
Between me and all of you

... and all of me will fall into decay for our love...

You are tear in my eyes  
Once again I am fall in despair  
And left alone so...
