I'm crawling inside of an empty dream  
Where you are by my side  
I'm loosing all hope of better days  
Even you were not for real  
And my fate is what I seal

You gave a moment of real life  
A reminder of what I am  
A fool that suppose to feel no love  
Loosing all of hope  
A fool without a home

You told me here is no you or me  
Some wasted tears and love instead  
And I'm still waiting for you my love

One failed moment of you and me  
And sadness will pour all over me  
And once again the love was lost  
In the morning rain

I'm crawling inside of an empty dream  
Where you are by my side  
I'm loosing all hope of better days  
Even you were not for real  
And my fate is what I seal

You told me here is no you or me  
Some wasted tears and love instead  
And once again the love was lost

One failed moment of you and me  
And sadness will pour all over me  
And I'm still waiting for you my love  
In the morning rain

You told me here is no you or me  
Some wasted tears and love instead  
And once again the love was lost

One failed moment of you and me  
And sadness will pour all over me

And I'm still waiting for you my love  
In the morning rain
