Stars, oh let them shine, it's the last night to see the  
light tonight,  
Just like every night in this gale  
Since you were gone, oh it feels like a thousand years  
without you,  
But now is time to pay the old debt

Bullet is loaded so let it go  
And taste desire

Feel my pain now - and release yourself -  
Make it go away  
My whole life burns without you - as shadows from my  
heart -  
I'm dying every night without you

Hold my breath now tight - that I could sleep -  
Don't catch me if I fall  
I'm ready to die without you - can't you see that...  
I'm dying every night without you

Waves of sadness, wash away my sanity  
And tonight, I will leave these nights behind  
I need you, to ease me... I can't do it by myself  
Come closer... will you share the last night with me

Bullet is loaded so let it go  
And taste desire
