Me and you

I've been knowing you for several years
Watched you laughed, even shed tears, my dear
But we've only been friends and kept it like that
Now we're getting older and I don't know how to act
As a matter of fact, there's something I wanna ask and
it's

Have you ever considered me
As the best man for you?
(Please tell me the truth right now)

Have you ever looked at me and said
That's who I would say, I do to?
(I'm talking 'bout your future now)

Have you ever imagined me
As the best man for you?
Have you ever?

I know, I'm coming out the blue, so suddenly
Just wanted to make sure, I was ready to be
Infatuated sweetie, listen to me, can't you see
(I'm so tired)
Of spending time with other women
(So sick and tired)
Spending my money and don't wanna
(I hope you're tired)

Of just being friends and keeping it like that
'Cause we're getting older and I don't know how to act
As of matter of fact, there's something I wanna ask and
it's

Have you ever considered me
As the best man for you?
(Come on and don't be embarassed, tell me)

Have you ever looked at me and said
That's who I would say, I do to?
(No one can fit, he said in a song but you)

Have you ever imagined me
As the best man for you?

What can it be
(Ohh)
With me and you?

Chillin'
All the time
Hanging out
Having a good time
(Is it meant to be)
Yes it does
(Hanging with me)
We'll be happy, baby

What can it be
(Ohh)
With me and you?

Is it our history?
(Tell me)
'Cause I can't see
(Alright)
When did you give a
(Hell)
I really wanna know
(Know)
I really got love for you
Come on and tell me baby, I need to know now

Have you ever considered me
As the best man for you?
(Now go on ahead tell me the truth dear, in my ear)

Have you ever looked at me and said
That's who I would say, I do to?
(I'm talking 'bout your possible future with me)

Have you ever imagined me
As the best man for you?
(I wanna be the man, the best man I wanna be)

Have you ever considered me
As the best man for you?
(Now has the thought ever crossed your mind, my
baby)

Have you ever looked at me and said
That's who I would say, I do to?

(I wanna be your man in the future)

Have you ever imagined me
As the best man for you?
(That's what I wanna be, yeah)
Have you ever?

You can tell me, my baby
Tell me right now
