Growing up can be a pain  
You're not a man until you've come of age  
We've given up our teenage years  
In the effort to pursue our career

Who assumes responsibility  
Of having to support our families  
Who's protecting us from harm  
Is there anyone around that we can trust?

So we search for answers to our questions  
Looking for the answers  
No answers but we are taught a lesson every time  
Through mistakes we've learned to gather wisdom  
Life's responsibility falls in our hands

Keep on learning, keep on growing  
Wisdom helps us understand  
We're maturing without knowing  
These are the things that change boys to men

Oh, the goals we set may exceed reality  
'Cause failure always is a possibility  
Who can tell us that we're wrong  
It's up to us to figure out what life is all about

So we search for answers to our questions  
Looking for the answers  
No answers but we are taught a lesson every time  
Through mistakes we've learned to gather wisdom  
And wisdom helps us see our responsibility

Keep on learning, keep on growing  
Wisdom helps us understand  
We're maturing without knowing  
These are the things that change boys to men

Keep on learning, keep on growing  
Growing up can be a pain  
We're maturing without knowing

Keep on learning, keep on growing

Keep on growing  
We're maturing without knowing

Keep on learning, keep on growing  
No answers but we are taught a lesson every time  
We're maturing without knowing
