Baby you were in my  
Dream  
We were walking down  
The street  
Baby I heard in a melody

It's like a blast from the  
Past  
Let our story take us back  
To the way that it used to  
Be

Back to bobby's house and  
Then my house  
The asking what's your name  
Pledging my love over soda pops  
And loving you more and more  
Everyday  
Let the dj play that special  
Song again  
Let's bring back the memories

Hey there lonely girl  
I'll be your duke of earl  
Cause that's how it used to  
Be  
I keep thinking how it must  
Have been  
It wasn't so long ago  
Everything was so simple then  
When I loved you with all me  
Heart and soul

In the book of love  
We're a million to one  
Let's bring back the memories

My earth angel  
Leave a story to tell  
Let's bring back these used to be's  
I can make up each and every scence  
I'll do-wop and then laugh at me

And I'd like to rewrite my whole  
Story  
With you by my side

In the still of the night

I want to know that you're mine  
So bring back those memories

Bring back those memories

We're a thousand miles away  
Bring back the memories  
Earth angel  
Earth angel  
Will you be mine  
Bring back the memories  
Bring back the memories

(fade till end)
