Ohh
(Yeah)
All right, hey
NE keep it hot for y'all

Now let me set it off in the right way
You got a bangin' booty and a tight waist
I've been a fan since I met you in the la bay
And hopefully you'll end up over my place

I can't believe, I never saw you coming over
Until you put your pretty hand up on my shoulder
I wanna touch, I wanna kiss, I wanna hold ya
(Yeah)
I really wanna get you hot2nite
(Come on)

So tell me what I gotta do to
Get the hookup in the future?
Baby, you choose the night
Whatever you like and I'm a pick you up on time

And it's cool if you don't want to
But you'd be a fool if you don't want to
'Cause I guarantee, that if you with me
You're gonna be feeling how you supposed to be

Girl, give me your number
(Give it to me)
Forget it, here go my number
(Here you go)
Forget it, you don't need my number
(No, you don't)
'Cause we gonna get hot2nite

Girl, give me your number
(Give it to me)
Forget it, here go my number
(Here you go)
Forget it, you don't need my number
(No, you don't)
'Cause we gonna get hot2nite

(That's right)
And if you say
You don't like it my way
We can do it your way
Anyway is okay

And if you say
(You say)
You don't like it my way
(It don't matter)
We can do it your way
(We can do it)
Anyway is okay
(Anyway that you like it, babe)

So tell me what I gotta do to
Get the hookup in the future?
If you choose the night
Whatever you like and I'm a pick you up on time

And it's cool if you don't want to
But you'd be a fool if you don't want to
'Cause I guarantee, that if you with me
We're gonna have a good time tonight
(So get your hands up)

Girl, give me your number
(Yeah)
Forget it, here go my number
(Here you go)
Forget it, you don't need my number
(I said forget it, you don't)
'Cause we gonna get hot tonight
(Right now)

(Come on, girl)
Girl, give me your number
(Said give it me, babe)
Forget it, here go my number
(Come and get it)
Forget it, you don't need my number
(You don't really need it at all)
'Cause we gonna get hot tonight

Can we break it down?
Baby, can we break this down?
Can we break it down?
(Yeah)
'Cause we gonna get hot2nite

Can we break it down?
Baby, can we break this down?
Can we break it down?
(Yeah)
'Cause we gonna get hot2nite

(So get your hands up)
Girl, give me your number
(Seen a lot of shortys in the club tonight)
Forget it, here go my number
(But you're the only shorty, I'm in love tonight)
Forget it, you don't need my number
(One and only woman that I'm thinkin' of)
'Cause we gonna get hot2nite
(So come on over here and let me show you some love)

Girl, give me your number
(Girl, I wanna get you real hot tonight)
Forget it, here go my number
(See if I can love you non-stop tonight)
Forget it, you don't need my number
(Wanna make you feel like you feel alright)
'Cause we gonna get hot2nite

Girl, give me your number
(Give it to me)
Forget it, here go my number
(Here you go)
Forget it, you don't need my number
(No, you don't)
'Cause we gonna get hot2nite

Girl, give me your number
(Give it to me)
Forget it, here go my number
(Here you go)
Forget it, you don't need my number
(No, you don't)
'Cause we gonna get hot2nite

Can you say, ohhh, baby
(Ohh, all right, yeah)
(Hey)
NE keep it hot for y'all
Can you say, ohhh, baby
(Ohh, all right, yeah)
(Hey)
NE keep it hot for y'all
