I grabbed my pillow in the middle of the night
Shook in a ice cold sweat
Curious of what real love feels like
It hasn't hit me yet, it hasn't hit me yet

You'll reach that stage in your life
You wonder what love will be
My mama told me that would be our find
You will find love in reality, she said

?Baby, you don't have to wonder
Just kickback and love will come
Love will tap you on the shoulder
Kickback and love will grow?

I see the look that's in a young girls eye
As I watch TV
This thing called love, I've got to try
Leave this script for me

It's time to learn all about
True love without a doubt
Can't fight the feeling when it comes around
You will know when the girl you found, mama said

?Baby, you don't have to wonder
Kickback and love will come
Love will tap you on the shoulder
Girl, kickback and love will grow?

My mama said, ?Kickback and love will flow?
Mama said, ?Kickback and love will grow?

Now I'm kinda young and I don't understand
What it is about love that attracts a man
Could it be you got to be of age
Or tell me Mike, is love just a stage?

Love, when does it come, how, when and why?
Does it bring happiness, does it make you cry?
My mother told me, one day I'll know
Just kickback and love will grow

Baby, you don't have to wonder
Just kickback and love will come
Love will tap you on the shoulder
Kickback and love will grow

Baby, you don't have to wonder
Just kickback and love will come
Love will tap you on the shoulder
Kickback and love will grow
Baby, you don't have to wonder
