Friends

I guess you want to know why I got to go
Knowing how I feel about ya
I can go all night sing my our love
But it's hard to fight this feeling, feeling inside

Girl, I can not do what I want to do
Momma said that we're movin' to fast
If we hold on to and if love is true
I know the day will finally come around

Let's be friends 'cause I don't want to hurt you
Let's be friends, I don't want to let you down
Let's be friends, na girl, I don't want to hurt you
Let's be friends, I don't want to let you down

Girl if we explain why we must refrain
Why we can't give in, we can only just be friends
If you only knew what I'm going through
I really want'cha but I can't stick around

Girl, I can not do what I want to do
Papa said that we're movin' to fast
If we hold on to and if love is true
I know the day will come but in the mean time

Let's be friends, I don't want to hurt you
Let's be friends, I don't want to let you down
Let's be friends, I don't want to hurt you
No

You know you're the only one for me, girl
You're the only one I need, girl

Want you be my friend we can work it out
Let's be friends let's be friends
So hard to turn love down

Friends

Out it out
I just can't stick around

Friends
Don't cha want be my friend
I don't want to let you down

Girl, I know how you feel about me
And I'm not knocking the way you feel
But as you can see baby time is not on or side
And for that reason we can't be together

But I can assure you
One day we would prove them all wrong
But in the meant time love
Let's just walk away and be friend's

Friend's forever
Soon enough it will be
Just you and me
We can work it out, we can work it out
Yeah yeah
