Don't wanna sound like I'm a gold digger  
But I like the finer things in life alright  
Can't be spending my time with nobody  
Who ain't doing nothing

So now y'all wanna own my own leather  
So I gotta keep my focus tight alright  
But it might sound kind of funny but

Money can't buy you love  
But it sho 'nuff pays the bills around here, oh, yeah  
But you do without it, you'll need money too  
Money can't buy you love  
But it sho 'nuff pays the bills up in here, oh, yeah

Now baby, let me make it real simple  
I can do bad all by myself, ooh, babe  
I ain't never been one

Who needs somebody else to buy me something  
But could you try to be a gift giver  
'Cause I don't want nobody else, oh, no, said, oh, no,  
baby  
It might sound kinda funny but

Money can't buy you love  
But it sho 'nuff pays the bills around here, oh, yeah  
But you do without it, you'll need money too  
Money can't buy you love  
But it sho 'nuff pays the bills up in here, oh, yeah

Baby, I know you love  
But you know that I'm a shopper  
See why can't you show you love me?  
Show me dem dollers, dollers, dollers

Just like I show you I love you  
So if you wanna holla  
Don't be afraid to give

I said I'm all about the money, baby, the money, baby  
I'm all about the rent, oh, yeah, yeah

I need my hair done, my nails done  
A new Prada bag, a brand new Jag

See that don't make me a gold digger  
I just like the finer things you can bring  
It might sound funny but

Money can't buy you love  
But it sho 'nuff pays the bills around here, oh, yeah  
But you do without it, you'll need money too  
Money can't buy you love  
But it sho 'nuff pays the bills up in here, oh, yeah

Money can't buy you love  
But it sho 'nuff pays the bills around here, oh, yeah  
But you do without it, you'll need money too  
Money can't buy you love  
But it sho 'nuff pays the bills up in here, oh, yeah

Money can't buy you love  
But it sho 'nuff pays the bills around here, oh, yeah  
But you do without it, you'll need money too  
So don't be afraid to give, oh
