Don't you know, don't you know, don't you know

It's the real thing, girl

They say it's popcorn love

But it's more than that to me

Popcorn love

Just wait, they will see

It's popcorn love

Every morning, noon and night

Popcorn love

Don't you know, don't you know

It's the real thing, girl

When we go on those special dates

We're always holding hands

We're never, ever late

You're on my mind all the time

I keep thinking (I keep thinking)

Thinking (I keep thinking)

I keep thinking (thinking of you)

Popcorn love

But it's more than that to me

Popcorn love

Just wait, they will see

Popcorn love

Every morning, noon and night

Popcorn love

Don't you know, don't you know

It's the real thing, girl

I go to school and then I come straight home

The first thing that I do is call you on the phone

The things you say, uh, really make my day

I need you, girl, in every kind of way

I keep thinking

I'm just thinking

I keep thinking (thinking)

Thinking (thinking)

Thinking (thinking)

Thinking

That's right

That's right

That's right
That's right
Ah! is for her personality
I said the is for originality
And the other is for the perfect love she
gives to me
The is just because she loves me
And the means she's the only love I got
And the and the, our love will
never end
Well, I know, I know it's the real thing
Because she told me so
And I know, I know it's the real thing
And I'll never let her go
I just got to, I just got to have your love
Popcorn love
But it's more than that to me
Popcorn love
Just wait, they will see
It's popcorn love
Every morning, noon and night
Popcorn love
Popcorn love
It's more than that to me
Popcorn love
Just wait, they will see
Popcorn love
Every morning, noon and night
Popcorn love
Popcorn love
But it's more than that to me
Popcorn love
