When you
Start turning me on
I just react
When you
Start turning me on
I can't hold back
When you
Start turning me on
I give it to you and

It started scratchin', sweatin', mournin'
My body is growing hotter in Georgia
I wantcha beside me all over my body
Don't worry my neighbors to old to hear us baby when
you

Start turning me on
I just react
When you
Start turning me on
I can't hold back
When you
Start turning me on
I give it to you and
Start turning me on
Don't stop what you doing

What do you want me to taste first
Baby it don't matter at all
As long as I feel your thirst
Baby I'll be climbin' the wall
All I request is three thousand seconds
Of your time your soul
Baby I lose control when you

Start turning me on
I just react
When you
Start turning me on
I can't hold back
When you
Start turning me on

I give it to you and
Start turning me on
Don't stop what you doing

When we start touchin', kissin' and grindin'
Got me open temperatures risin'
I start shakin', movin' and grindin'
Don't want you to hold back the climax
Let it go and show me your love girl
Hold me when it's all set and done girl
We can do this thing every time
That you start turnin' me on

You turnin' me on and on and on and
First thing in the mornin' the middle we yawnin'
Your word is born you all I think about
When the snow fall the minks be out
Diamonds and links be out
We in the club where all the drinks be out
Where the thugs and all the freaks be out
Won't you peep me out
Approach me and try to sneak me out
Whoever thought you take the kinky route, ouch

Pain is pleasure
Mommy, Ronnie had game forever
Mommy my hobbies ain't chains and leather
Mommy my hobbies be planes and cheddar
And the strangest weather
And the Mohabe didn't rain forever
But in the club it's a different perspective
Dance floor electric, Ronnie a star, Mommy it's hectic
Since eighty three the ladies be in my Mercedes three
Yo whatever the ladies be so please believe

When you
Start turning me on
I just react
Oh, turning me on
When you
Start turning me on
I can't hold back
I can't fight this feeling
When you
Start turning me on
Please don't stop what you doing oh, oh babe
I give it to you and
Start turning me on
Don't stop what you doing
Girl, you're turning me on

When you
Start turning me on
I just react
You turn me on, you turn me on, babe
When you
Start turning me on
I can't hold back
Girl I'm about to lose my mind
When you
Start turning me on
And I think, I like it, babe
I give it to you and
Start turning me on
