Well, when she walks on by she's got that look in her  
eye  
Drop and roll, funk and soul  
And if she wants a guy you know she don't have to try  
Can't say no, what boy can't say no?

Every since I saw her nothing's ever been the same  
I'm feeling like a brand new me  
She's the one that I need she could really make my life  
complete

Wish she were crazy bout me  
(Sweet thing)  
I will hold you in my arms and make you feel a part of  
my dreams  
(Sweet thing)  
I will hold you in my arms and make you feel a part of  
my dreams  
Dreams

Well, she can break your heart, she can tear it apart  
With her smile, with her smile  
And when she starts to dance she's got you all in a  
trance  
Girl so fine, woo, woo, it's a crime

Everybody wants her, what am I to do?  
I know that she don't notice me, wondering should I tell  
her  
I would give her everything

Wish she were crazy bout me  
(Sweet thing)  
I will hold you in my arms and make you feel a part of  
my dreams  
(Sweet thing)  
I will hold you in my arms and make you feel a part of  
my dreams

Every since I saw her nothing's ever been the same  
I'm feeling like a brand new me  
She's the one that I need she could really make my life

complete

Wish she were crazy bout me

(Sweet thing)

I will hold you in my arms and make you feel a part of  
my dreams

(Sweet thing)

I will hold you in my arms and make you feel a part of  
my dreams

(Sweet thing)

I will finally make you mine and wrap you up inside of  
my dreams

(Sweet thing)

I will kiss you in the night and love you till we both start  
to scream

(Sweet thing)
