Lovin' you and me underneath the tree
It will be, oh so cudley forever
It will be so right ridin' through the night
Holding tight until the morning light

I'll make a special wish it will be my gift
With a kiss, Merry Christmas, girl
Silver bells will ring, children start to sing
It will be joy to the world

Children waking up out of bed
To see if Rudolph's nose is really red
To take a peak at Santa on his way
Bringing toys today

[Incomprehensible] under the missal toe
Don't you know, it will bring you love?
We will keep the peace, it will be a treat
At the feast, will you fill me up?

When snow is all around, neighbors come around
With the sound of carols at your door
Snowflakes will fall, we will have a ball
At the mall that's what Christmas is for

Now that Christmas time is here
There's a message we should all make clear
Don't let the magic ever fade away
When we can make it last forever and a day

Children waking up out of bed
To see if Rudolph's nose is really red
To take a peak at Santa on his way
Bringing toys today

Lovin' you and me underneath the tree
It will be, [Incomprehensible]
It will be so right ridin' through the night holding tight
