### "Tonight's Your Night"

Ahhh

Ahhh

Here we are  
Just the two of us  
Holding on to  
Precious romance

Locked away in another world  
There's nothing wrong  
Love is with us

Sometimes it makes me wonder (it makes me wonder)  
If anybody understands  
How it feels to be  
So ready for love girl  
Now that you're with me

Tonight's your night (tonight is your night, tonight)  
I want you to feel the power of our love  
Tonight's your night (tonight is your night, tonight)  
No one can stop us now

Wooooo ahhhh  
Wooooo ahhhh

When we met  
I might have known  
No matter what  
You'd be my first love

Now this feeling  
Sure has grown  
Into so much  
More than I dreamed

This night was made for magic (made for magic)  
We can't let go of what we feel  
This one's ours alone  
This time baby

All our own

Tonight's your night (tonight is your night, tonight)  
I want you to feel  
The power of our love  
Tonight's your night (tonight is your night, tonight)  
No one can stop us now

This night we will remember baby (baby)  
All of our lives

*[Spoken:]*

Our time has come  
The night has arrived. So that means all games must  
be put aside. (put aside)  
The magic is here and it's coming on strong and then  
nothing can stop us now.

Sometimes it makes me wonder (it makes me wonder)  
If anybody understands  
How it feels to be  
So ready for love girl  
Now that you're with me

Tonight's your night (tonight is your night, tonight)  
I want you to feel the power of our love  
Tonight's your night (tonight is your night)  
No one can stop us now (no one can stop us now)

Tonight's your night (feel it girl, feel it girl)  
I want you to feel  
The power of our love.
