I heard you like to ball a lot
And you like shoppin' at the mall a lot
Braggin' to your friends about what you got
But all that's just material
Don't really mean a thing to me
You should know that
There's more to life than what you see
Please believe it ohh

You just don't care enough
You always think somebody's gonna buy you stuff
You never know who you might turn away
You never know where real love could be
Those type of girls don't interest me
You should know that
There's more to life than what you see
Please believe it ohh

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on
And it can make you rich
Beyond you wildest dreams

Doesn't matter what they lace you with
'Cause all you seem to like is expensive
You can't use everybody that you meet
'Cause girl that's just not the way to be
Don't play that game 'cause you won't last
You will see that one day it's not about that
Please believe it baby

You just don't care enough
You always think somebody's gonna buy you stuff
You never know who you might turn away
You never know where real love can be
Those type of girls don't interest me
You should know that there's more to life than what you
see
Please believe it ohh

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on
And it can make you rich
Beyond you wildest dreams, oh baby

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on
And it can make you rich
Beyond you wildest dreams

I can give you everything baby
But don't you want more in life
Than material things from me
So please let me be, be all that you need
And take you beyond your wildest dreams

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on
And it can make you rich
Beyond you wildest dreams

Listen to me 'cause material things
Ain't what you need
'Cause that ain't everything
Listen to me 'cause material things
Ain't what you need
'Cause that ain't everything

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on
And it can make you rich
Beyond you wildest dreams

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you somethin'
You can't put a price on

And it can make you rich
Beyond you wildest dreams
