Girl, if ever the goin' got rough  
You never were the type to think of backing down  
So when you got more than your share

In a minute I knew your heart was in it  
I knew that it would make you be your best put you to  
the test  
But if sometimes it seems not worth the battle  
That's when you'll see you can count on me

'Cause I'm with you all the way  
I'll never give up this dream  
Although it may seem  
There's no way out today  
(Oh, girl)

Yes, I'm with you all the way  
Whatever places love might put us through  
Remember I'm with you  
With you all the way

When you see me  
Your eyes say that you need me  
But there's another feelin' they can't hide  
And it hurts so deep inside  
To think maybe before I'd let you down  
Won't you hear me out now  
Believe me somehow

'Cause I'm with you all the way  
I'll never give up the dream  
Although it may seem  
There's no way out today  
(Oh, girl)

Yes, I'm with you all the way  
Whatever places love might put us through  
Remember I'm with you  
With you all the way

I thought I'd never know just where to start  
Delivering this promise from my heart

Holding you here in my arms  
Has told me what to say, yeah

'Cause I'm with you all the way  
I'll never give up the dream  
Although it may seem  
There's no way out today  
(Oh, girl)

Yes, I'm with you all the way  
Whatever places love might put us through  
Remember I'm with you  
With you all the way
