Forget me not
Those weren't your words.
I'm home haven't you heard the ring?
The sound of my voice
I know it isn't much.
That's why I
Say your name
When I fall when I hit the bottom.
Say your name
When I fall when I hit the bottom.
Girl, play on
The boys will stay even if your gone.
Go girl, play on
The boys will stay even if your gone.
If my heart could sing.
If my heart could sing.
It would
Say your name
When I fall when I hit the bottom.
Say your name
When I fall when I hit the bottom.
Girl, play on
The boys will stay even if your gone.
Go girl, play on
The boys will stay even if your gone.
That's why I
Say your name
When I fall when I hit the bottom.
Say your name
When I fall when I hit the bottom.
Girl, play on
The boys will stay even if your gone.
Go girl, play on
The boys will stay even if your gone.
