pick up the pieces that i left behind  
i woke up today feeling older  
and never so much better  
i know i talk in circles.  
i never wanted to avoid your conversation.

you see yourself in my eyes.  
another day has passed us by.  
the more time i spend,  
the less i see of you.

i'll never take it back  
your voice is like an angel  
guiding over every move i make  
i'll never want it back  
the direction that you've gave me.  
nothing can replace what i gained.

you see yourself in my eyes.  
another day has passed us by.  
the more time i spend,  
the less i see of you.

time grabs me by the shoulders.  
no one knows how it feels to move over.  
i know i'm still far from you  
and it feels like i'm still far from home.

my is a dissapointment  
i only dissapoint myself  
if only i could hold this moment  
kept away from everyone else(sing this verse twice)

please don't change,  
i know i made mistakes.  
it's been this way a hundred times,  
your getting old and so am i.  
please don't change(3)

time grabs me by the shoulders.  
no one knows how it feels to move over.  
i know i'm still far from you

and it feels like i'm still far from her

my name is a dissapointment

i only dissapoint myself

if only i could hold this moment

kept away from everyone else(sing this verse twice)
