I'm in and out of conversation
It's hard to keep my attention locked down
So don't take offense to anything I say
I tried so hard to keep you coming back my way

But you don't know that
And I'm the one to blame for it

'Cause I'm best known for failure
Best known for giving up
There's nothing that I can say
That can matter, that can matter enough

'Cause I'm best known for failure
Best known for giving up
There's nothing that I can say
That can matter

I've figured out my situation
I am an endless source of useless information
Give me bad news could this already been expected
I let my front down and I know I will regret it

But you don't know that
And I'm the one to blame for it

'Cause I'm best known for failure
Best known for giving up
There's nothing that I can say
That can matter, that can matter enough

'Cause I'm best known for failure
Best known for giving up
There's nothing that I can say
That can matter, that can matter enough

Let's get down to business now
I'm saving myself the trouble in the end
So let's get down to business now
I'm saving myself the trouble in the end
Saving myself the trouble

But you don't know that
And I'm the one to blame for it

'Cause I'm best known for failure
Best known for giving up
There's nothing that I can say
That can matter

I'm the one to blame for this
Yes, I'm the one to blame

Best known for failure
Best known for giving up
There's nothing that I could say
That can matter, that can matter enough
