Ash his heart onto the ground  
Pull his guts out by frustration  
Be careful you might kill him  
Just cause he can't hear what you say  
Doesn't mean that he's not listening  
If you listen to your words  
He might like what you say  
So you've been going out for years  
And I'm sure that you've been happy  
Happy with your role  
You've been looking up to him  
As if you've forgotten of your own life  
Forgotten of your own face  
Burn and start again  
Just cause he can't hear what you say  
Doesn't mean that he's not listening  
If you listen to your words  
HE might like what you say  
On my own again  
That's what she said  
I'm leaving you tomorrow  
But she already left  
She already left me  
She said I'm better off dead  
It's your own life  
Live it for yourself  
It's your own life  
Live for your...  
Just cause he can't hear what you say  
Doesn't mean that he's not listening  
If you listen to your words  
He might like what you say  
On my own again  
That's what she said  
I'm leaving you tomorrow  
But she already left  
She already left me  
She said I'm better off dead
