I tried to save us  
But little did I know  
You are a speeding train off track  
With little time to go

I tried everything  
Tried so hard to let you know  
But now I'm on my last thread  
Pulling away to no avail

Yeah  
Now it's our time  
And yeah  
Now it's our time  
And I'll see you on the other side

Beneath all your skin  
There's another side to you  
You built up city walls  
So I never get through  
You built up city walls  
So I never get through

Yeah  
Now it's our time  
And yeah  
Now it's our time  
And I'll see you on the other side

Why would I take it too far  
With not thinking about the end at all  
If a fortune could say  
What the future will bring

Then I'm not convinced  
It's ending in tragedy  
And most of all  
It's in my control to end it all

Now it's our time  
And yeah  
Now it's our time

And I'll see you on the other side

Now it's our time

Yeah

Now it's our time

And I'll see you on the other side
