All dressed up and no where to go
I think im taking this trip alone
thirty seconds till i pass
the questions you will never ask
your regrets will haunt you
you know i never had to
But im saving myself from you

Did you notice anything
the change is made
you know its safe to say
you will never change your ways

I went to your house, but you weren't home
Im sure you conviently shut off your phone
I dont think that i'll ever be
The person that you want of me
When all i can think about
it's you i have to figure out
But i'm saving myself from you

Did you notice anything,
the change is made
You know its safe to say
You will never change your ways
You would give up anything
to prove your point
Theres nothing left to say
you will never change your ways

Im saving myself from you(x2)

All dressed up and know where to go
I think im taking this trip alone

Did you notcie anything,
the change is made
You know its safe to say
You will never change your ways
You would give up anything
to prove your point

Theres nothing left to say
you will never change your ways
