Got a picture of your house  
And you're standing by the door  
It's black and white and faded  
And it's looking pretty worn

See the factory that I worked  
Silhouetted in the back  
The memories are gray  
But man, they're really coming back

I don't need to be the king of the world  
As long as, I'm the hero of this little girl

Heaven, isn't too far away  
Closer to it every day  
No matter what your friends might say

How I love the way you move  
And the sparkle in your eyes  
There's a color deep inside them  
Like a blue suburban sky

When I come home late at night  
And you're in bed asleep  
I wrap my arms around you  
So I can feel you breathe

I don't need to be a superman  
As long as, you will always be my biggest fan

Heaven, isn't too far away  
Closer to it every day  
No matter what your friends might say  
We'll find our way, yeah

Now the lights are going out  
Along the boulevard  
The memories come rushing back  
And it makes it pretty hard

I've got nowhere left to go  
And no one really cares

I don't know what to do  
But I'm never giving up on you

Heaven, isn't too far away  
Closer to it every day  
No matter what your friends say  
I know we're gonna find a way

Heaven  
Oh, oh, oh, oh  
Heaven  
Oh, oh, oh, oh  
Heaven  
It's not too far away, oh, oh  
Oh, oh, oh, oh, yeah
