You don't have to settle for me at all
I'll never be the one you want
I'll never ever be the one under your arms

And I don't have the face to turn heads
Or the body that cuts loose ends
I swear I need to get a hold again

I can't get to you
I swear I've tried
If I can't get to you
I'll never love again

I'm not comfortable in my own skin
I'm ashamed of being myself
I wear my shame, I wear it all too well

And I don't have the words to work this out
Your reactions fill with doubt
I am shallow, this is what I've found

I can't get to you

I swear I've tried
If I can't get to you
I'll never love again

I can't get to you
I swear I've tried
If I can't get to you
I'll never love again

And you leave me with no choice
But to blow this out of the water
Now you leave me with no choice

If I can't get to you
I swear I've tried
If I can't get to you
I'll never love again

If I can't get to you

I swear I've tried
If I can't get to you
I'll never love again
