Don't believe a word
A word they say

It's more than a T-shirt
It's more than a tattoo
It's more than a phase
This is how I was raised

You keep trying to market this feeling
I heard what you said
And no, we're not the same
No we're not the same

You'll never be a part
(Of what we have)
You'll never sing a song
(That we love)

You'll never get respect
And you can't fool us
'Cause we know
What you are

Don't believe a word
A word they fuckin' say
