I figured all the years we shared were proof enough  
To extend my hand and help you  
I know that getting started can be rough

Enthused smile, you seemed grateful  
I felt real good about myself  
That's until the day you showed me  
You don't need anybody else

CHORUS:

Why'd you have to go?  
And make me say these things about you  
Why'd you have to turn around?  
After all that we've been through

I figured all the memories were proof enough (proof  
enough)  
To maybe open your eyes  
From the people you think hold your trust

Do you ever smile and find it shameful?  
Cuz you don't know who you are  
I am glad you never told me  
You needed anybody else

CHORUS

What will you do when there's no one to fall back on?  
I won't be there  
I've learned my lesson  
What will you do when there's no friends to fall back  
on?  
Because they've all been stepped on

(ERRRRGGGHHHH...)

CHORUS

After all that we've been through  
  
Why'd you have to go?

(Why'd you have to go?)  
Why'd you have to turn around?  
After all that we've been through

What will you do when there's no one to fall back on?
